MAIL DATE: December 20, 2022

**OFFICIAL NOTICE**

CHEIKIN, MATTHEW HARRISON  
245 BRADFORD CIR

BLUE BELL, PA 19422

Dear Customer:

Recently, PennDOT completed enhancements to its motor vehicle records system that more accurately identifies the fuel type based on the Vehicle Identification Number (VIN) of your vehicle. In the past, this information was recorded manually based on information supplied on the documents originally submitted for your vehicle. It has been determined by PennDOT that the title record for your vehicle must be updated to accurately reflect the fuel type.

The purpose of this letter is to notify you that the title for your 2016, BMW with title number 81012368 and Vehicle Identification Number WBY1Z4C52GV50664 has been updated on PennDOT's records to indicate the following regarding the vehicle type and fuel type:

Vehicle Type: Plugin Hybrid Electric Vehicle  
Fuel Type: Gas & Electric

The title in your possession is still valid and can be used as the ownership document. However, if you would like to have an updated title with the new vehicle type and fuel type, please email the request, along with this letter to [FuelTypeUpdate@pa.gov](mailto:FuelTypeUpdate@pa.gov).

If you disagree with this determination, you have the right to request an informal hearing within 10 days of the date of this notice. If you request an informal hearing, the hearing shall be held within 15 days of the receipt of your request. A written request for an informal hearing may be directed to the Manager, Research and Support Operations Section, Riverfront Office Center, P.O. Box 68592, Harrisburg, PA 17106-8592 or email to [FuelTypeUpdate@pa.gov](mailto:FuelTypeUpdate@pa.gov).

Should you require additional information, please contact Joshua Kline, Manager of the Research and Support Operations Section, at 717.787.9720.

Sincerely,

Stephen J. Madrak, Director  
Bureau of Motor Vehicles
